

**REMARKS**

Applicant submitted on December 14, 2004 an Amendment which added new claims 51-54, and amended claims 26, 30, 33-36, 38, 39 and 50 to place the application in better form for examination and/or to clarify the claimed invention. Claims 1-25 were previously canceled without prejudice. Accordingly claims 26-54 are now pending, with claims 26, 30, 33, 38, 39, 50, 51 and 53 being in independent form.

A Notice Of Non-Compliant Amendment dated January 19, 2005 was issued by the PTO.

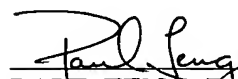

The January 19, 2005 Notice indicated that the claim amendments submitted on December 14, 2004 did not include a complete listing of all of the claims.

Accordingly, this communication is filed to resubmit a complete listing of all of the claims, including claim the claim amendments submitted on December 14, 2004, plus in addition proper status identifier for the amended claims. No new claim amendments have been made in the listing of claims enclosed herewith.
